Membership Chairperson

Janet Keisler 333-3398

Please join us November 11, at **9:00am** for the monthly meeting. There is an optional social hour that begins at 8:00am followed by the monthly business meeting. Visitors are always welcome.

Articles or news to be included in the *Cutting Remarks* should be emailed to your Editor, Wayne Klement (wayneklem@aol.com) or call him at 520-954-6298. Submission deadline is the 25th of each month. Thanks!

THE PREZ SEZ by Victoria Fila, President

Next Saturday 11/4 is our annual silent auction. There will be a lot of great items to bid on.

11/11 is our general membership meeting.

11/18 is the Rowely trip. I have got it confirmed. There is still time to sign up for this trip. Ed will have fresh dirt turned over so we can find a lot of great material. The material includes but is not limited to: Wulfenite, Chrysocolla, Malachite. Ed will have pieces you can buy also and has cabs (he knows we do our own cabs) just to show how well the material cabs up.

We will be meeting at the Loves truck stop on exit 102 off route 8 in Gila bend. Which is the Painted Rock exit. Meeting time is 9:30 am.

We are coming up on December which is our election month. If you want to throw your hat in the ring for either President, VP, Secretary, Treasure or a Board member please Contact David Schulte at 520-954-8554.

Hope to see most of you at the auction. Until we meet again stay safe and healthy

Victoria Fila

OPLC President

DONATIONS

Thanks to those that have made donations to help keep this club running! We welcome donations so if you have lapidary related items, please contact Dan Harmsen at (520) 721-8452 to arrange a pickup or drop-off. Recent donations:

Ted Rupp - jasper rough, variscite, agate, slabs

Gwen Folsom - beads.

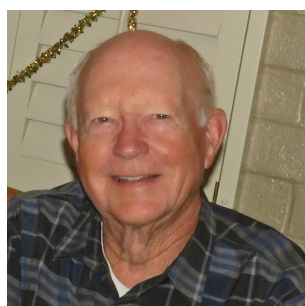

Arizona Lapidary & Gem Rough - 6 large riker display boxes

Al Romey - agates, amazonite, Petrified wood, jasper, slabs

Cutting Remarks, Volume 2023, Issue 11, November 2023. Published monthly by the Old Pueblo Lapidary Club, 3118 N. Dale, Tucson, AZ 85712. Telephone: (520) 323-9154, a non-profit organization.

November 11, 2023 OPLC speaker - Dr. Larry Fellows

Our Ice Age: Planet Earth's Fifth

We are in for another great treat for our November 11, 2023, OPLC monthly meeting. Past Arizona State Geologist and retired Director of the Arizona Geological Survey, Dr. Larry Fellows, will be presenting to us **Our Ice Age: Planet Earth's Fifth**. Larry is a returned speaker to OPLC; he has given us three great presentations on the Geologic Features in Southern Arizona, Pompeii and Herculaneum, and the Grand Canyon.

Giving a description of his upcoming talk, Larry said that, "about 25,000 years ago, when Earth's temperature was substantially colder, large parts of Canada, northern and western U.S., Scandinavia, northern Europe, and numerous other places were covered with ice, most of which has since melted. This glacial "event," the most recent of numerous others of similar nature, has had a major impact on our planet that is not widely understood and largely under-appreciated. Associated processes such as repeated sea-level change, rock weathering and erosion, soil formation, and even migration of humans will be described in non-technical terms. Questions and discussion are encouraged."

The photo above on the right, courtesy of Larry, was taken at Hutton's Section in Edinburgh, where the science of modern geology began in the late 1700s, about the same time the Colonies were successfully doing battle with the Redcoats in New England. At that time Earth was calculated by Bishop Ussher to have begun in 4004 BC. Glacial features were clearly visible in nearby Scotland but were not understood for almost 100 years!

Dr. Larry Fellows, born and raised in Iowa, earned degrees in geology from Iowa State College, University of Michigan, and University of Wisconsin. After working in petroleum exploration and teaching at the university level, he began employment at the Missouri Geological Survey. In 1979, Larry was selected to be director of the Arizona Geological Survey and the first official Arizona State Geologist, a position he held until his retirement in 2005. He transformed the Bureau of Geology and Mineral Technology into the modern Geological Survey.

Please make sure you don't miss this great speaker. He will wrap up our wonderful 2023 year!
Helen Serras-Herman, OPLC Program chair

OLD PUEBLO LAPIDARY CLUB

Meeting Minutes

October 14, 2023

Thanks to Chris Brenda Reichel for her presentation "Crown Jewels of Hawaii and the Jewelry of the Kingdom".

Thanks to Wayne Klement for supplying the social hour goodies.

Motion to approve last month's meeting was approved.

Treasurers report was given by Mark Davidson. As of July 31st the club had \$77,591 in assets.

Janet Keisler reported club has 417 members.

The library is open.

Field Trips: 10/28 there is a field trip scheduled for August Round Mountain. Next field trip is to the Rowley Mine on 11/18. Rowley mine will have a fee. Signup sheets are in the kitchen. You must be a member in good standing to join a field trip.

Please use either black or blue ink when writing a check. The bank will not accept any other inks or pencil.

The club election will be at the meeting in December. You can request to be added to the ballot by contacting David Schulte (Election Committee Chairman) or any board member.

Our Silent Auction will be held on the 1st Saturday of November (11/4/2023) and is open to the public.

We need day time monitors for the Cab Lab. If you are interested, please contact Donavan Wagner.

Members voted to adjourn the meeting.

Door prize was won by Mark Marikos.

Raffle brought in \$206.

Meeting minutes recorded by Dave Richardson for Bill Penrose.

21ST ANNUAL SILENT AUCTION OLD PUEBLO LAPIDARY CLUB

3118 N. Dale, Tucson, AZ 85712

Free parking - Free admission

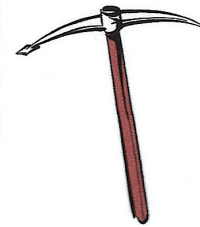

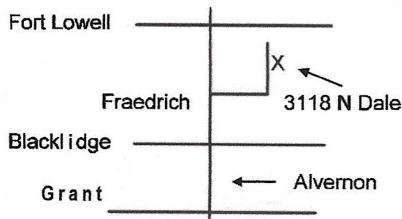

DATE: Saturday, November 4, 2023 HOURS: 9:00am-2:00pm

This is once-a-year chance to select all your mineral and lapidary needs from a myriad of mineral specimens, turquoise, faceting rough, cutting material, slabs, polished stones, beads, equipment (rock saws, cab grinders, kiln, faceting machines, vacuum caster, etc).

There will also be a "Kid's only table".

One of nine tables will be randomly called and replenished every 15 minutes.

Come see us on the web: www.lapidaryclub.org

OPLC BOARD MEETING MINUTES
11/01/23 5:30 PM

Minutes taken by Dave Richardson

Mark Davidson, Treasurer reported that the Treasury is in good standing.

Membership status - Janet - 428 members.

Field trip status - Victoria - The field trip for 11/18 to Rowley Mine is on. Looking for suggestions for December.

Status of the cab lab: Donovan - One titan is down, will be repaired by Sunday. Wheel change is planned at the end of November.

Faceting lab status - Dave - Still working on water system. Will send a thank you letter to Ultra Tec for their donation to the lab.

Silver lab status - John - Everything is good. Running a silver smith class now.

Saw room - Mike - Filter system is working well. Will need to buy oil soon.

Fence repair - David - Two bids have been received. Board approved moving forward with the repair.

Refreshment status for club meeting - Wayne agreed to furnish the refreshments for the general meeting.

New business

Reminder the annual auction is 11/4.

Board reviewed each line item and approved the 2024 budget.

The Christmas dinner will be 12/9/2023. Several people volunteered to cook the meat.

Meeting adjourned at 6:45.

Old Pueblo Lapidary Club

November 1, 2023

Ultra Tec Manufacturing, Inc.
1025 E Chestnut Ave.
Santa Ana, CA 92701

Robert Mendosa and Robert Rubin;

I and The Old Pueblo Lapidary Club Board of Directors want to thank you for your generous donation and support to the club Faceting Lab. We have been able to increase the number of Ultra Tec V2's to seven. The parts you have donated help us bring the machines to good working order and great machines for club members to learn on and use.

We are continually striving to promote faceting as a great hobby to all that are interested. Moving predominately to Ultra Tec faceting machines has been a very successful endeavor but challenging in taking used machines and bringing them up to good operational condition. Your help has been instrumental in this endeavor.

I look forward to seeing you again at the USFG Tucson Symposium.

Dave Richardson
Vice President and Faceting Lab Leader

Another copy of the Silent Auction Flyer incase you overlooked the 1st one.

21ST ANNUAL SILENT AUCTION OLD PUEBLO LAPIDARY CLUB

There will also be a "Kid's only table".

One of nine tables will be randomly called and replenished every 15 minutes.

Come see us on the web: www.lapidaryclub.org

JOSE, TONTO & THE GROCERY BILL

The Gold Road Mine, Mohave County.

Many "bonanzas" in the early days were found by gamblers, naïve prospectors, stock swindlers, and wanderers who just lucked out. Only those present at the time knew how the discoveries really were made, and all those participants and witnesses are long gone.

Jose Jerise, his Indian wife, Maria, and their nine children lived from day to day. During hard times Jose would ask Henry Lovin, a storekeeper at Kingman, to grubstake him to tide the family over. No one knew exactly how the Jerise family kept alive; but survive they did, trapping rabbits, cultivating a few crops during the rainy months, and depending on the generous credit of Senor Lovin.

Jose always kept hinting about the rich ore he had seen somewhere, but he couldn't quite remember where. Always he promised to bring back a few samples and lead Lovin to his find.

To be continued in the December issue.....
