Membership Chairperson

Janet Keisler 333-3398

The June General Membership Meeting has been cancelled. Please check in often for updates regarding scheduling of meetings, labs, and field trips. Some labs are open again - see inside.

Articles or news to be included in the *Cutting Remarks* should be emailed to your Editor, Mike DeMeritt (silverlininggemstones@gmail.com), or feel free to call him at 520-455-5378 or (520) 240-5133. Submission deadline is the 20th of each month. Thanks!

THE PREZ SEZ by Victoria Fila, President

Hello everyone I hope all of you are doing fine and staying safe. As May comes to an end and June to a start, everything is still crawling back to whatever the new normal will be. This includes our little club. Right now our plans on opening up labs on appointment bases is at a standstill. This is due to insurance as our current insurance has asked us to fix parking lots and put in fire alarms. We could not get this done by the deadline date off 5/8/20 and our extension we asked for was not approved, so we were canceled.

Since then the potholes were patched by Malcolm Currie. Thanks Malcolm. Smoke detectors are ready to be installed. Dave donated some smoke detectors. Thanks goes out to Dave. So I have emailed pictures of the parking to our contact person so she can let the insurance company

know we fix the issues so we can get reinstated. While we are doing this we are also looking for better insurance. For right now getting ourselves instated with Prime Choice will be the quickest way to get insurance back so we can open up labs and get meetings going again.

Dave Richardson has been doing some work in the faceting room - new lights. Will look nice and have a lot more light.

June general meeting is canceled. I will send out an email once we can open up the labs. (Editor's Note: see next page)

Nothing more to report out, just be patient and we will get labs back up and running.

Victoria Fila

“I am not yet so lost in lexicography as to
Forget that words are the daughters of the earth,
And that things are the sons of heaven.”

—
-Samuel Johnson

Front Cover Pictures: “*Alexandrite*”, the color-changing version of *Chrysoberyl*, is June’s primary birthstone. This amazing group of *Rainbow Moonstone* from Tanzania will cut impressive stones!

Cutting Remarks, Volume 2020, Issue 6, June 2020. Published monthly by the Old Pueblo Lapidary Club, 3118 N. Dale, Tucson, AZ 85712. Telephone: (520) 323-9154, a non-profit organization.

You may have been wondering when you were going to hear from the Board of the Old Pueblo Lapidary Club. We haven't been sitting still. We've been carefully watching out for the health and safety of our members, as well as following the directives from the Governor of Arizona. Here are the headlines:

- some lab sessions will be re-opened on a limited basis, with due regard to safety of our members. Details are contained in this letter.
- a list of rules is also contained in this letter, limiting the use of labs until further notice.
- the club's insurance was unexpectedly canceled by our carrier, but will be re-instated before the end of this week.
- there will be no membership meetings until September at the earliest.
- there will be no classes until further notice.

Rules for Lab Use, Until Further Notice

1. Distancing has been proven to limit the spread of the virus. The numbers of members allowed per lab session will be limited to allow for distancing. This list will be updated as necessary. The limits are:

Cab lab: monitor plus a max of 4 members, or fewer if the monitor chooses.

Silver lab: monitor plus a max of 3 members, or fewer if the monitor chooses.

Casting lab: monitor plus a max of 2 members.

Faceting lab: monitor plus a max of 3 members, or fewer if the monitor chooses.

Saw room: operator.

2. Members must phone or email monitors to reserve a place in a scheduled lab session. You cannot use the lab facilities without reserving a time slot with the appropriate monitor. **NO EXCEPTIONS.**

3. Wearing of masks and gloves is encouraged, but is not practical in all cases. Members bring their own mask and gloves. Hand sanitizer in spray bottles and paper towel will be on the table in the corridor.

4. Monitors will wipe down equipment that was used or handled during a session, including torch grips, faucet handles, light switches, etc. The virus can last for days on some surfaces.

5. Persons or visitors not scheduled to work must not enter the building.

6. Monitors are not empowered to make exceptions to these rules, so don't ask. The Board is responsible for making any changes as they become advisable.

7. Current rules will be posted in labs, lab hallway, and clubhouse.

8. Disinfectant solution and paper toweling will be made available in the corridor of the lab building.
